UNIVERSITY OF
SOUTHERN MISSISSIPPI

SOUTHERNER

This is Southern. The slow caterpillar lines outside the Commons and the warmth and fellowship inside.

Accidental meetings of friends in the library when they drift out to Wimpy's instead of studying, and red I.D. cards with the picture that stares back at you with that funny look.

Rainy season, when you slosh from College Hall to New Science with umbrellas that don't help the puddles in the sidewalks, is Southern too.

Involuntary rising of the stadium crowd when "Dixie" is played shows spirit.

Excited rivalry during campus election campaigns, the good-natured clapping of opposing fraternities and sororities at Song Fest—this is spirit too.

Many small actions show a oneness of purpose and a surging forward together that makes the spirit of Southern.

The short days and the long coffee-black nights make up your cosmos, your world, at Southern.

In this self-contained world, career dreams, romantic problems, and learning to live with all kinds of people make up part of the loftier side of your nature.

On the more jovial side can be seen your dormitory joking, the scraping through those quizzes with pure luck, and the dozing through the eight o'clock classes.

Southern's world, though isolated within itself, is well-rounded, giving forth meaning to those inhabitants who will only seek it.

Ability to grasp this meaning grows as you grow—in fluency of speech, in social grace and the art of enjoying people, and in following the way of true education of the mind.

Spirit that keeps you going through your hardships and trials at Southern is the quality that will make education and learning valuable in years to come. And the memory of your Alma Mater *grows valuable too—its campus, buildings and people.*

Even though learning and growth are the major aims of your college days, other things should not be forgotten. As the many hours spent here pass on, they form a memory, and this, for you, will be Southern in years to come.

Haggard eyes, dragging steps remind us of finals and the endless nights laboring over studies.

Then the pain of the empty mail-box, but the murmuring crowd of the Wheel next door that cheers you.

There is beauty here too, the Christmas tree lighting and the color of Homecoming.

These things and many friends make a good life.

Southern is your school, and this is your book. Its purpose is to recall to memory your university, its people and places.

This past year, filled with its classes, campus society, and spirit of advancing education is worth remembering.

For this purpose, the 1964 SOUTHERNER *is given to you—the student who makes the school.*

DR. WILLIAM D. MCCAIN

Dr. McCain is pictured at his desk in his newly remodeled office. Within this office are two pictures which reveal something of what he has given to Southern.

One picture shows the original campus with its only six buildings. The contrasting picture contains the university as it is today, many times larger and still growing.

"I strive for both physical and scholastic improvement," says Dr. McCain, and each and every student will recall his most famous and often repeated words. "The Biggest and the Best."

Variety and progress have highlighted the past year for Arts and Science,, which has been newly named as a college instead of a school.

Newest emphasis in this college is placed on foreign languages and development of study in German and Russian. Modern language laboratories have been installed for students' benefit and practice in actual use of the languages.

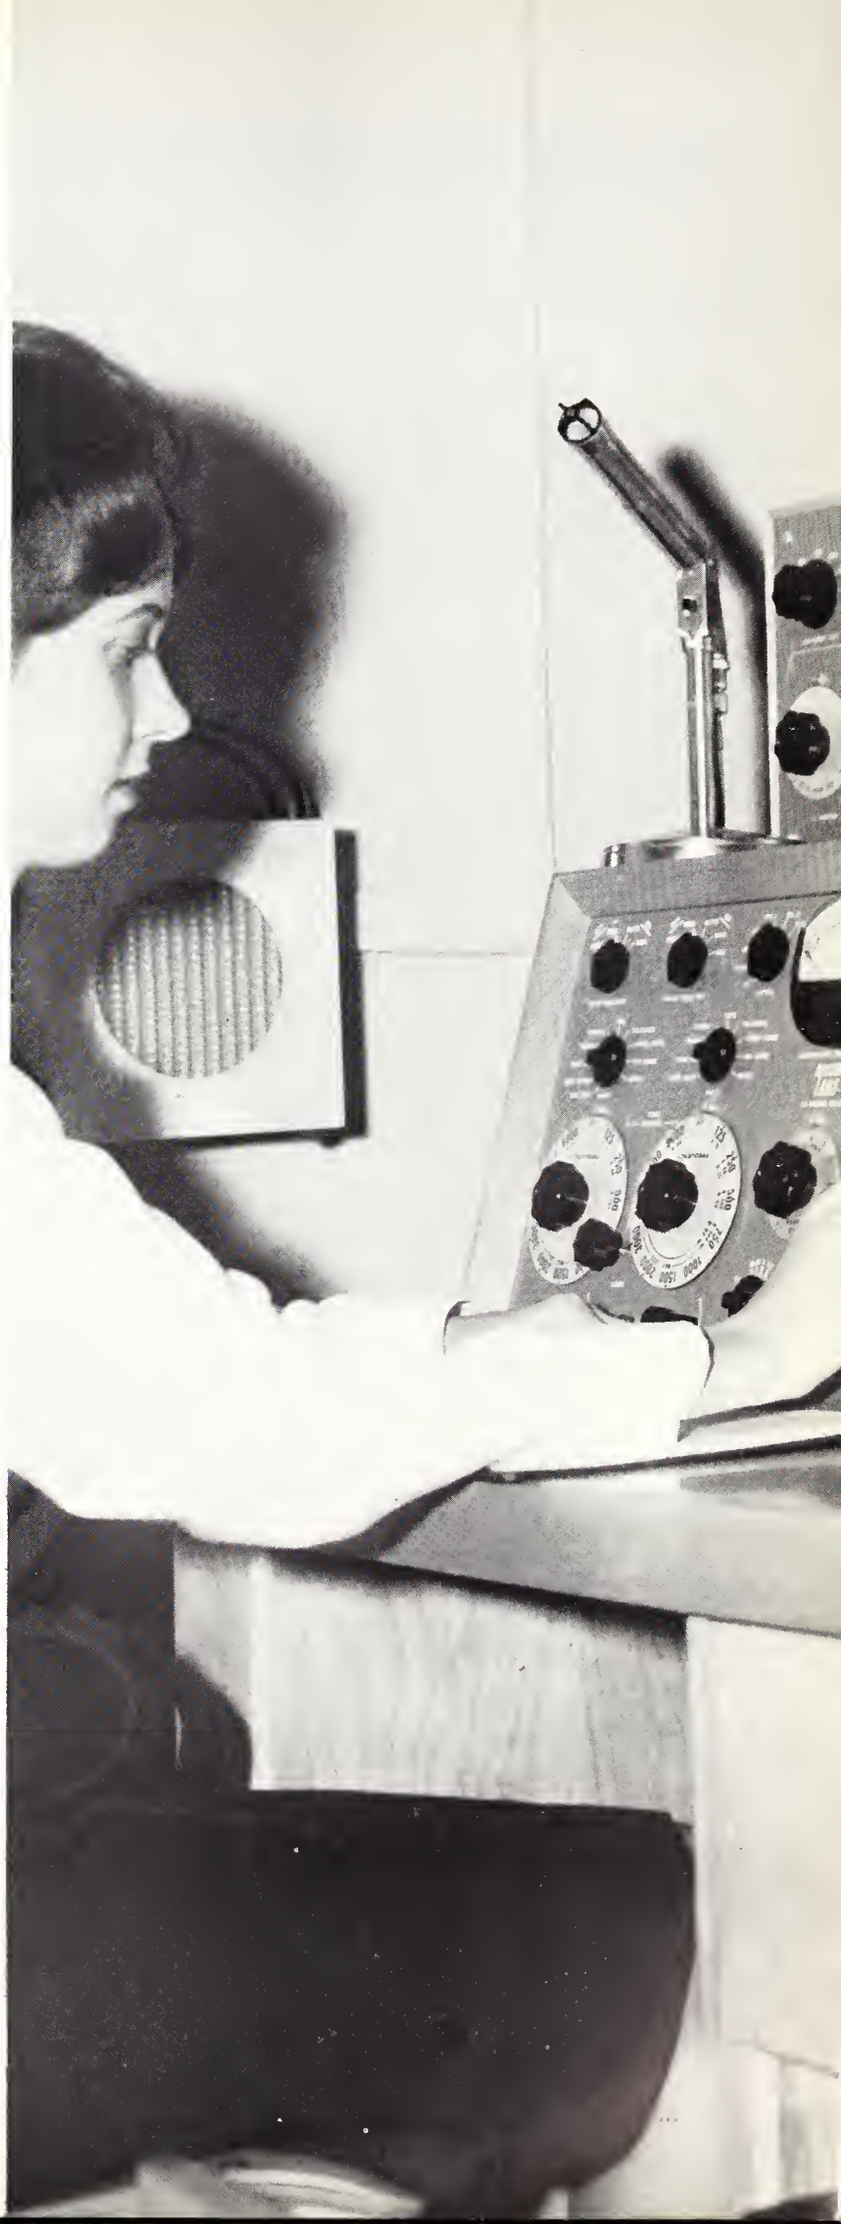

Two special areas of the College of Arts and Science include the Marine Laboratory at Ocean Springs which is for the study of marine biology and also the Speech and Hearing Clinic. Pictured opposite is a student operating audiological testing equipment which is part of this service clinic.

In relation to such a large field of learning, Dean Fike has stated, "The long time strength in the Humanities and Social Sciences is now well balanced by the vigorous programs in mathematics and the science areas."

Students in the School of Business Administration are learning to begin work in one of the functional areas of business and to rise to the executive level.

The courses in marketing offered here at the university are supplemented by practical experience gained by doing field work in department stores usually in Jackson. One marketing student is shown on the opposite page in a downtown department store.

There has recently been organized in this school the Bureau of Business and Economic Research. Also an increased emphasis has lately been placed on graduate work in connection with this bureau and the research projects being made here.

The School of Education and Psychology at the University of Southern Mississippi prepares more teachers than any other institution in the state of Mississippi. During the 1963-1964 school session, approximately 500 teachers will be prepared to go into the schools of Mississippi and the south.

A new building is now under construction for the School of Education and Psychology and is to be completed for the 1964-1965 school session. This building will be constructed so as to receive closed circuit television or to produce television programs in the classrooms. The building will contain one large lecture room, one demonstration and observation room, twelve general classrooms, and six seminar classrooms. There will also be office suites available in order to house the various departments of Education. In the School of Education and Psychology there has recently been developed a new program of Library Science approved by the graduate council.

Our former Division of Fine Arts was elevated to a School of Fine Arts during the past year. Dr. Mannoni has said, "It has been the desire of our school to combine high standards, a scholarly approach, and proficiency in our program as well as to render service to our students and university."

The entire campus is able to enjoy the band and Highlander bag-pipe group during football season as well as the special concerts they present during the year.

Art exhibits, faculty recitals, opera productions, and orchestra concerts add much to the cultural environment of the school and Hattiesburg also. One of the yearly favorites is the Christmas concert of Carols presented by the University Singers.

The modern facilities and hard work of its people make this school a foremost part of Southern.

Home Economic students offer the campus many little "extras" while they train in their chosen field of work.

Nursery School, supervised by the Division of Home Economics, is a delight to the children who attend. Students gain valuable experience while caring for and observing these children.

The faculty and administration dining room in the Commons, known as the Charcoal Room, is another proving ground for girls who plan, prepare, and serve the meals here. The picture on the opposite page shows students at work in the Charcoal Room.

Laboratories play an important part in this division, and their newest addition for this past year has been added equipment for the testing and working with cloth and textiles.

Practical experience plays a major part of learning in this division of the university, and each girl is able to contribute to the campus as she learns.

With approximately 500 students enrolled in the Graduate School, demand for doctoral degrees in more varied fields grows every year. Presently the Graduate School offers doctoral degrees in Education, Psychology, and Marine Biology. Plans are being made now to increase this list to include English, History, Chemistry, and Math.

Dr. Owings says, "The reason for increased interest in graduate work in this area can be attributed to the United States missile site now under construction in south Mississippi. On completion, this missile testing site will provide excellent job opportunities for educated Mississippians."

Keeping this in mind and also the increasing number of junior colleges in this area, which adds to students interested in graduate work, Southern is enlarging its Graduate School as fast as possible.

1964 SOUTHERNER salutes the 37 USM students included in Who's Who in American Universities and Colleges. Nominated by deans, department chairmen, and organization presidents, these 37 were selected from a group of 140. The students' achievements in scholarship, leadership, citizenship, and participation in campus activities combine to form the basis for membership in Who's Who. Included in the final selection are representatives of every phase of college life.

Southern's school of music, long recognized as one of the best in the south, provides students with many areas of participation. Mildred Rebekah Cagle was vice president of Mu Phi Epsilon and Tau Beta Sigma. A Chi Omega, she was selected Most Outstanding Bandswoman.

Sherman Hong served as president of Kappa Kappa Psi and secretary of Phi Mu Alpha Sinfonia. He is a member of Omicron Delta Kappa and Phi Eta Sigma. Serving as president of Tau Beta Sigma and secretary of Phi Delta Rho, Rebecca Steele Leitch is a member of Kappa Delta.

Band Drillmaster, John Metts Anthony, was vice president of Kappa Kappa Psi and warden of Phi Mu Alpha Sinfonia, and John A. Pearson was vice president of Sigma Phi Epsilon, treasurer of the band and Phi Mu Alpha Sinfonia.

Since the Student Government Association plays an important role on campus, it is fitting that several participants of SGA were ranked among these outstanding students. Allen Harvey Bizzell was president of SGA, vice president of Omicron Delta Kappa, Associate Justice of Student Court, and president of Phi Kappa Tau.

Charles Thomas Brumfield, president of Collegiate Civitan, was a Senator and president of the Graduate class. Virginia Jane Ford, who is SGA secretary has been secretary of Freshman, Sophomore and Senior classes. She is Marshall of Delta Delta Delta.

Arthur Thomas Potter, Senior class president, was president of the Mississippi Intercollegiate Council of Student Government Associations, Collegiate Civitan, and Rho Eta Sigma. Chief Justice of the Student Court is Charles John Girard who has been vice president of Rho Eta Sigma also.

SGA vice president Luke Schissel was president of Men's Affairs Board and Kappa Mu Epsilon. Betty Carolyn Walters served as Assistant Chief Justice of Student Court and as president of Mississippi and Jones dormitories, while Michael Graham Ball, SGA treasurer is also treasurer of Pi Kappa Alpha.

Our listing would be incomplete if it did not include those who proved that scholastic and athletic abilities can compliment each other. James Reed Green was treasurer of Alpha Epsilon Delta, pledge officer of Kappa Alpha, and earned three letters in baseball. A varsity basketball player, Joseph John Grubar was Senior class vice president and officer of Rho Eta Sigma.

Participation in scholastic honoraries was high with these Who's Who students. Barbara Wilhelmina Bilbo was treasurer of Phi Delta Rho and member of Pi Kappa Pi and Alpha Lambda Delta. A Pi Beta Phi, she was Junior class secretary. Membership in Phi Eta Sigma and Pi Kappa Pi are honors for Ronald Bradley Bell as well as being in Omicron Delta Kappa.

Martha Boone Cooper served as vice president of Phi Alpha Theta and Alpha Lambda Delta secretary. Editor of the 1962 and 1963 SOUTHERNERS, she is a Delta Delta Delta. Carolyn Lucille Cox was a Senator, president of Phi Mu and treasurer of Pulley and Bolton Halls. Another Senator, Selina Carol Parker was president of Hickman Hall and Alpha Sigma Alpha.

WHO'S WHO IN AMERICAN

Alpha Lambda Delta member Nancy Pauline Ramsey was officer of Pi Beta Phi and Wesley Foundation, while Linda Hannon Patterson was vice president of Alpha Sigma Alpha and Alpha Lambda Delta.

Amelia Irvin Smith was Editor of 1964 SOUTHERNER, treasurer of Delta Delta Delta, and a member of Phi Delta Rho and Social Standards Board. Debate team member Francine Benise Curro has served as secretary of Pi Beta Phi and Kappa Delta Pi.

Thomas Allen Deas, a Southern General, has been president of Sigma Phi Epsilon and belonged to German Club. Pi Omega Pi secretary, Cara Lee Grindle was also affiliated with Alpha Lambda Delta, Pi Kappa Pi and Disciples Student Fellowship. Anna Gaye Schrock was president of Phi Chi Theta, vice president of Phi Delta Rho, treasurer of Kappa Delta, and justice of Student Court.

Miss USM, Eva Blaine Sipes was secretary of the Mississippi Intercollegiate Council of SGA and Kappa Delta and a Senator. Henry Clay Swanzy, Sophomore class president and Senator, was Phi Kappa Tau and Interfraternity Council officer.

Two outstanding Pi Kappa Pi members are Bob Albert Hardy and Dennis Charles Jones. Bob is platoon leader and adjutant in ROTC, and Dennis is in Phi Eta Sigma.

Serving as president of Phi Delta Rho, Delta Delta Delta and Alpha Lambda Delta, Nancy Bell Ellzey was also a class officer and favorite, and Dean's lister, Rose Sherrod McCraw was president of Pi Gamma Mu.

The religious organizations on campus are numerous and help develop outstanding workers and leaders. Alice Drake Wentworth was secretary to Student Christian Federation, president of Canterbury Club, and treasurer of Chi Omega, and Judy Laura Stutzman, president of Student Christian Federation, was also an officer of Pi Kappa Pi, Newman Club, and Delta Delta Delta. Kappa Omicron Phi president, Mary Nell Maxey, served as officer in Wesley Foundation and Alpha Sigma Alpha too, while the Wesley president Donald John Bell is in Phi Eta Sigma and Omicron Delta Kappa.

These activities are only a sample of leadership and services rendered to the university by each individual on this list. Every student has accomplished much more than can be shown here, but these contributions alone have made their organizations and our campus grow and develop through the years they have worked for themselves and the school.

PHI DELTA RHO

One of the highest honors for senior women at Southern is membership in Phi Delta Rho. This local women's sorority recognizes scholarship, leadership, and character among women students of the school.

Phi Delta Rho projects include providing the Guidance Library with materials and all available information pertaining to student guidance, and one of the latest plans is to help in sending books abroad for foreign students.

This is Phi Delta Rho's twenty-third year on Southern's campus. Each year the new members are selected by Dean Wilber and a secret committee to continue the ideals of admirable personal qualities set by this group.

OMICRON DELTA KAPPA

The qualifications for membership in ODK are many. They include character, service in campus life, scholarship, leadership, fellowship, and consecration to democratic ideals.

To be chosen for membership in ODK is considered the greatest honor that can be paid a college man. Achievements in such diversified fields as athletics, student government, music, and religious affairs are recognized and applauded by ODK.

Having been chartered at USM in 1954, ODK this year celebrated its tenth anniversary.

There are high qualifications for this scholastic honorary fraternity, the most important and hardest to obtain being the qualification of seventy per cent A's on ninety consecutive quarter hours of school work at Southern.

Names of candidates for Pi Kappa Pi are submitted annually, and after a careful check on grades and other information, an initiation banquet is held for the new members.

This fraternity recognizes high scholastic attainment, and is one of the highest rewards and recognition a Southern student can receive.

These officers assume much responsibility which trains them in self-discipline and fair government practices. This body operates in accordance with school policies and Mississippi State Laws. Student Court, the school judiciary body, handles discipline problems on campus such as cafeteria line breaking, and is an appeal board also. The court justices are appointed by the president of SGA and subject to approval by the Senate. During this year the court procedure has been revised.

SENATE

Each academic class on campus is represented in the Senate according to their number of students. Within the Senate there is one member for every one hundred students of the respective class. Senate members are elected for a one year term of office.

All legislative matters of the student body are handled by this group. They have initiated a reform in court procedures and sponsored a campus-wide Homecoming dance during this school year.

One of their most renowned accomplishments was the revision of several cafeteria menus.

The student Senate meets regularly to carry out its duties as a service group and serves the faculty and administration as well as the student body.

ACTIVITIES

ORIENTATION

Somewhere Over the Rainbow

Orientation is the first adjustment to be made after leaving home for the first year at college; it is the beginning of a four-year journey that is filled with much hard work, sacrifice, fun, and final achievement.

The first few chaotic days are filled with moving in, hazing from upperclassmen, confusing toils of registration, and getting acquainted with one another. This is the beginning . . .

Cruelty to "Beatles"

Yellow Jackets register freshmen girls into dormitories.

That's what I call putting his nose to the grindstone.

Registration is hel . . . d over every year.

If that boy looks at my knee one more time . . .

Bet you a dime the class is already closed.

Halfway point—only five more forms to fill out.

"Mug shot" no. 6637541, sentence: 4 years

What part of New Jersey did you say you were from?

This is the Registration Game—Advance to the first table and take a chance on classes.

SPIRIT . . .
Unity Through Group Participation

USM Cheerleaders spurring on students to cry for victory.

Differences are forgotten in the vigorous sense of membership in a group, displayed at pep rallies, bonfires, football games, and other shared experiences.

Pep rally and bonfire, one phase of student participation.

Roll 'em Southern.

The Rebs never rode so good.

A pep rally wouldn't be the same without the Pikes' "little red firetruck."

General Nat on Son of Dixie is one of Southern's oldest traditions.

CAMPUS POLITICS . . .
Public Office is a Public Trust

Why shouldn't I vote for him? He's cute.

I told you that was really my name—Jane Sterislovsky.

I didn't know the school was this hard up for wallpaper.

Registering to vote is a prerequisite for ballot casting.

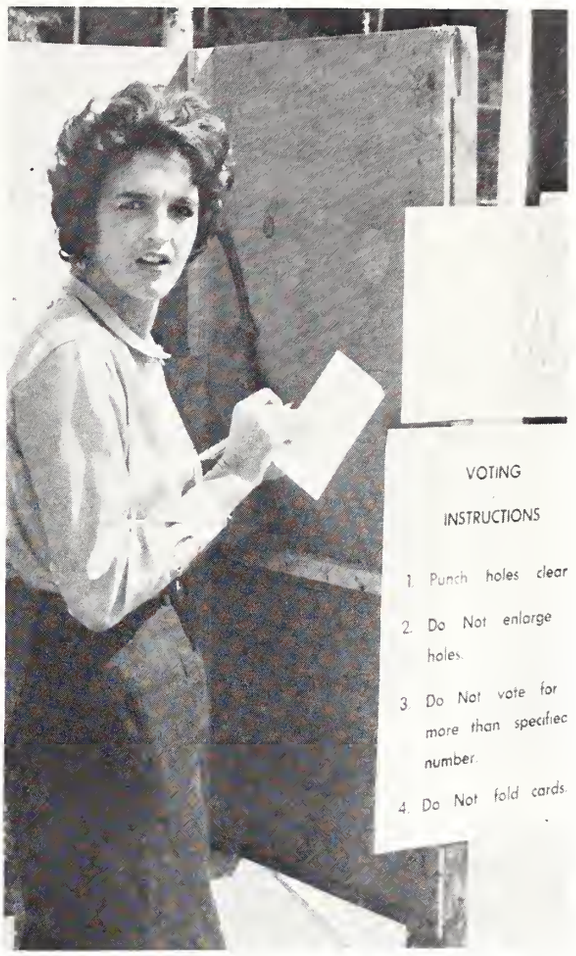

Learning the obligations of a member of a University is one of the many important things one accomplishes as a student. Selection of those who govern and represent the student body is not only a duty, but a priviledge shared by all.

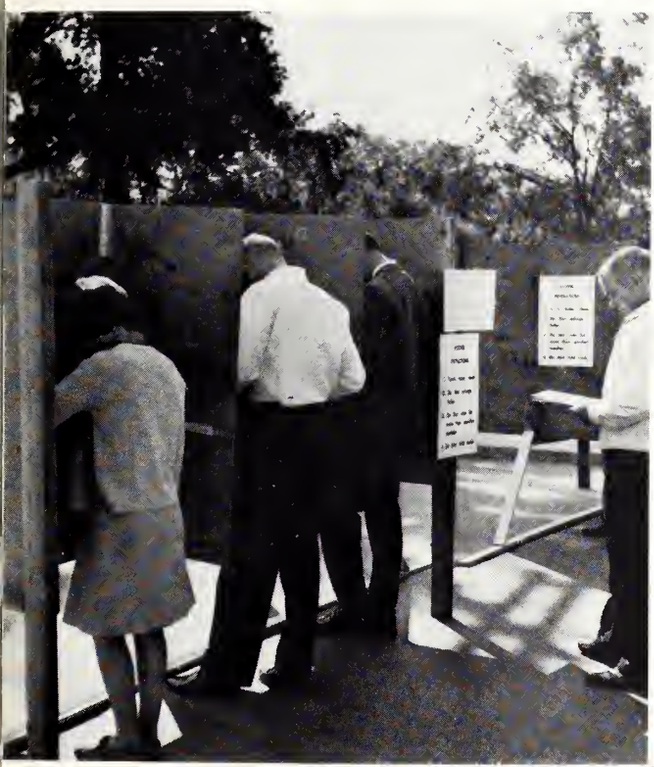

An integral part of student elections is pre-election campaigning by the candidates as exemplified by numerous poster displays. Election day is filled with registering to vote, viewing candidates' pictures and casting that final important ballot.

There's Sterislovsky again—viewing the candidates.

Did you say Sterislovsky?!!

I'm voting for Sterislovsky.

I'd vote for anyone with a last name like that.

Homecoming . . .
Return of the Past to Guide the Future

Newman Club members worked diligently on their float entry.

Girls from Mississippi Hall worked many hours on dormitory decorations.

One of the most stirring and momentous events of the year is Homecoming. It serves as an auxiliary generator which supplies energy for the excitement of study-weary students and work-weary alumni.

Float decorations: dormitory and fraternity decorations; alumni registration; meetings and reunions; the big parade: the game: and finally the dance. all are a part of the Homecoming celebration.

The night before Homecoming finds everyone busy.

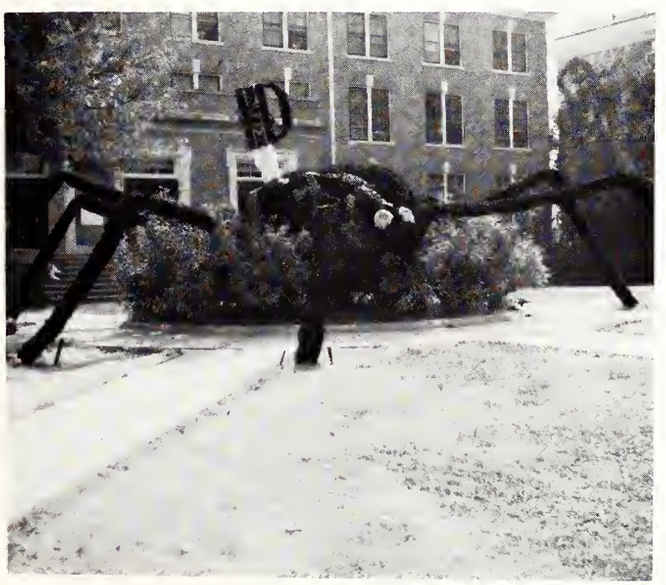

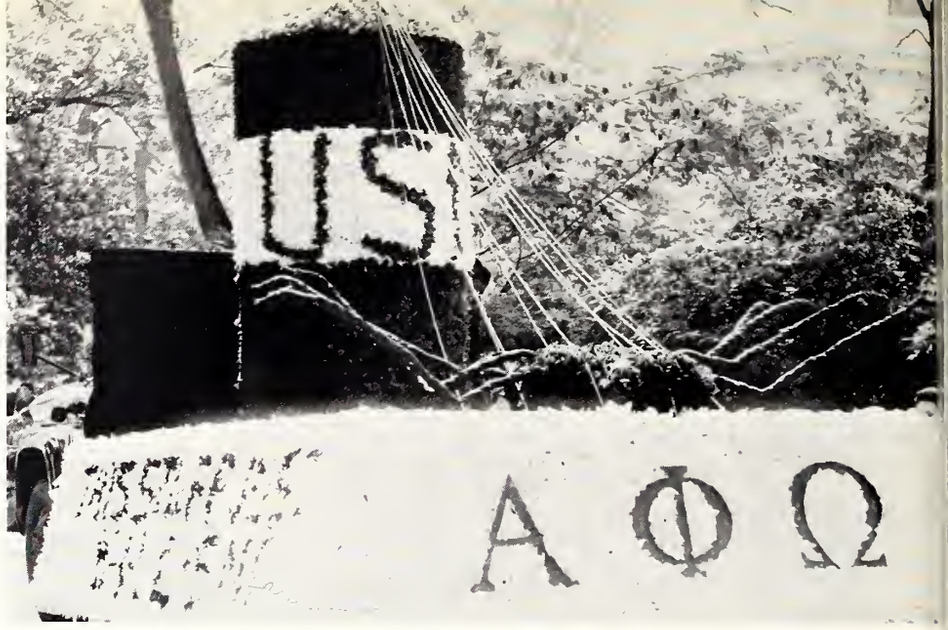

Dormitories and fraternity houses displayed many original and ingenious themes in their Homecoming decorations. Hickman Hall won the award for the best girls' dormitory decorations; Forrest County Hall won the award for the best boys' dormitory decorations; and Alpha Tau Omega won the award for the best fraternity house decorations.

Floats and decorated cars filled the annual Homecoming parade with beauty, humor and creativity. Every sorority, fraternity, and honorary club and organization was represented in some form or fashion. The Home Economics Club won first place in the "beauty" category, while Chi Omega Sorority won first place in the "originality" category.

Pre-game traditional ceremony—presentation of a yellow mum to one's date.

The climax of the day—the Homecoming dance.

HALLOWEEN CARNIVAL . . .
Recapitulation of Youth

Everyone loves a clown.

He's sure getting his money's worth.

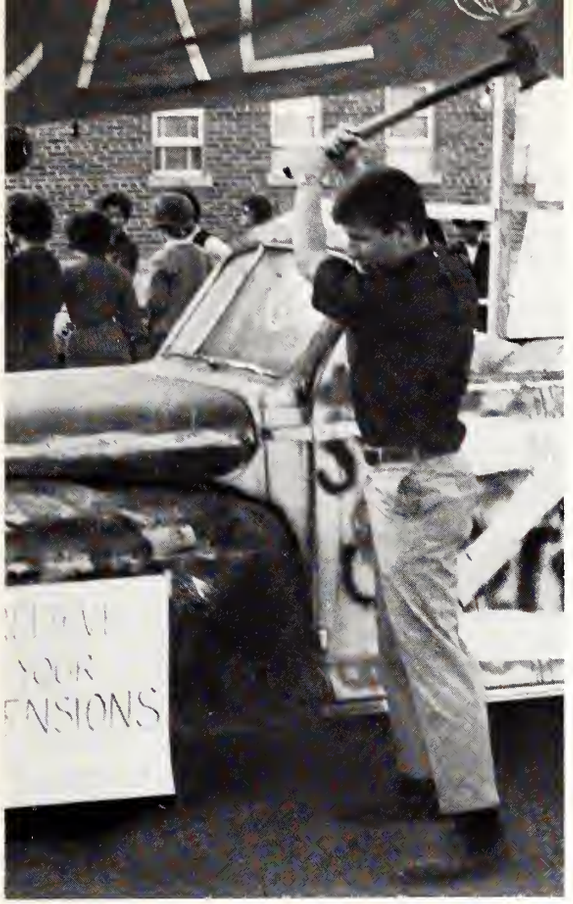

Is it worth it?

An unusual but annual occurrance is the Halloween Carnival. It provides the revision to a chronologically earlier pattern of behavior and feeling. This "regression" includes childish games, contests and various other kinds of diversions.

It must have been a rough exam.

. . . and other kinds of frustrations.

Sig Ep dart game—one of the favorite attractions,

Shoot your "favorite" professor here.

Who said you coudn't eat a candy apple through a chicken wire fence.

Sure hope the Tri Delts can cook.

HOOTENANNY . . .

Care Shall Be Lessened by Song

Much attention was aroused this year by the popular folk-singing groups. Campus-wide "Hootenanny" participation spread from formal performance by special guests to informal productions by students themselves.

There are amateurs . . .

M-I-C, K-E-Y MOUSE

and more amateurs.

Then there are those who are interested in music for professional reasons.

CHRISTMAS . . .
Gifts, Carols, and Decorations—
a Birthday Celebration

Traditional Christmas tree lighting in front of the Danforth Chapel.

Familiar sights of the holiday season.

Gladdened hearts celebrate the Christmas season with many enlivened events. Amidst all the partying, decorating, and caroling, the true meaning is not to be forgotten.

Caroling in the holiday spirit.

Delta Delta Delta sorority added color as well as enjoyment to the festivities.

Christmas tree decorations lend a "homey" atmosphere to dormitory lobbies.

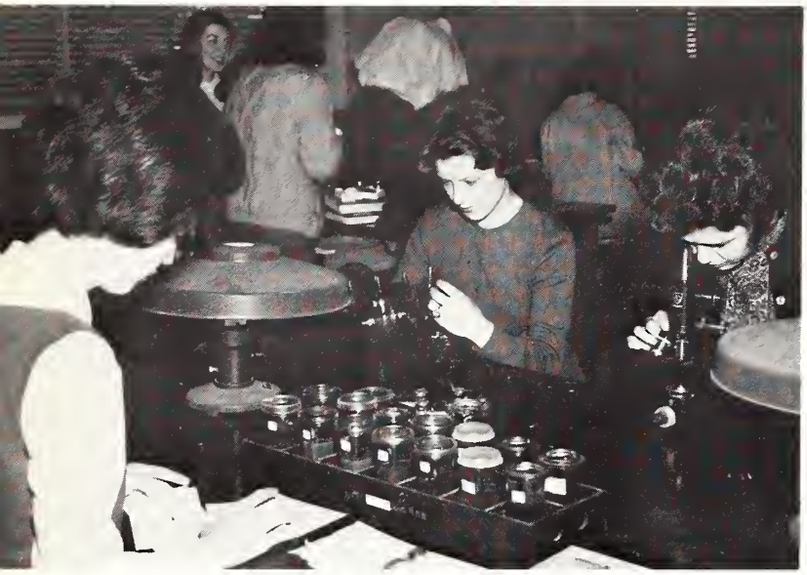

I've heard all about this stuff, but this is the first time I've ever seen it.

ACADEMIC PURSUIT . . .

Goal Attainment Through Erudition

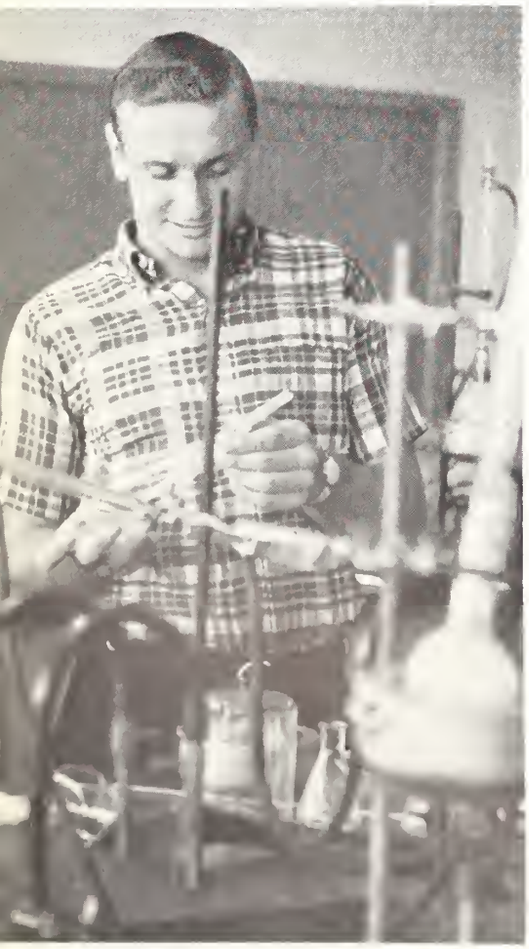

Laboratory facilities are used to the fullest at Southern.

Miss Sterislovsky, if you can't pay attention I'll have to ask you to leave.

It should be 86 proof by now.

Dr. Sohn is seen lecturing in a psychology class.

It takes long hours and much dedication to become an artist.

The desire for the acquaintanceship with facts is one of the basic underlying motivations for obtaining higher education. Many long hours are spent by students striving for knowledge, in the library, in the classroom, and in the dormitory.

Cold feet, two dexadrine tablets, three gallons of black coffee—test tomorrow.

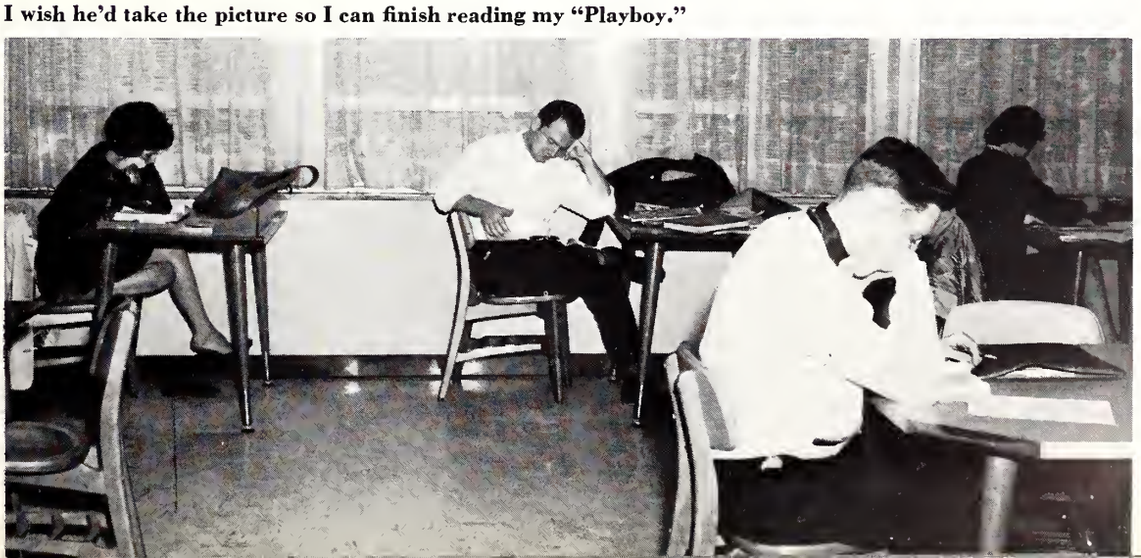

The cost of higher education is ever rising.

The campus library offers a wide variety of research material to students.

I wish he'd take the picture so I can finish reading my "Playboy."

SPRING . . .
A Young Man's Fancy Turns to . . . ?

This first and freshest season of the year has a definite effect on students. Colorful scenes of romance invade the campus and other surrounding areas. It is a conglomeration of two-piece bathing suits, suntan lotion on houseparties, bermudas and shower shoes, and trips to the coast.

Beauty, Valentines, and a Ball.

With every man, a woman.

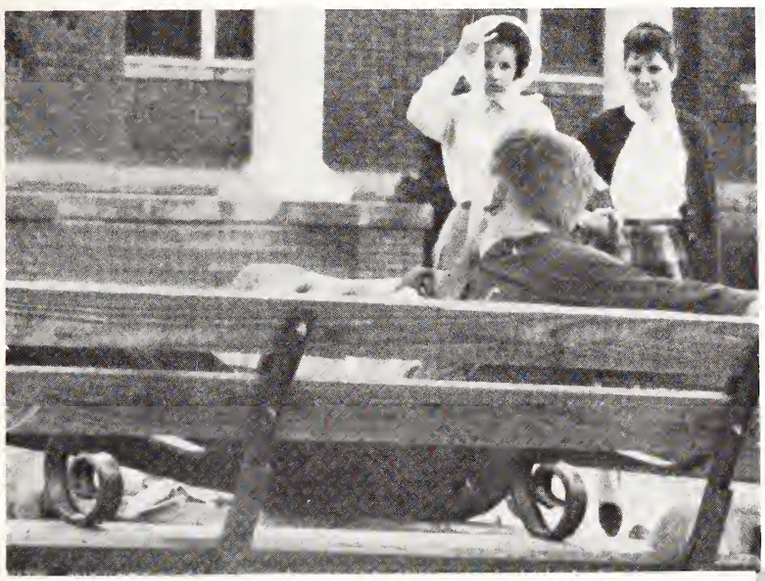

Could it be love?

Let's go to Lake Shady.

Spring and the annuals are here. "I can hardly wait to see my favorite section, Activities."

Springtime is speculation time.

The coast . . . need we say more.

My mother told me never to kiss goodnight on a first date.

Nice Catch!

CAMPUS LIFE . . .
An Apprenticeship to the Future

"My name is Jane Sterislovsky. What's yours?"

One of the most important, but often unrecognized, facets of college life is campus living. The ability to make new acquaintances, to get along with associates, to face problems and meet responsibilities, are all prerequisites to becoming a mature individual.

Everyday life at Southern includes trips to the Hub, post office, the Commons, and other areas frequented daily by students.

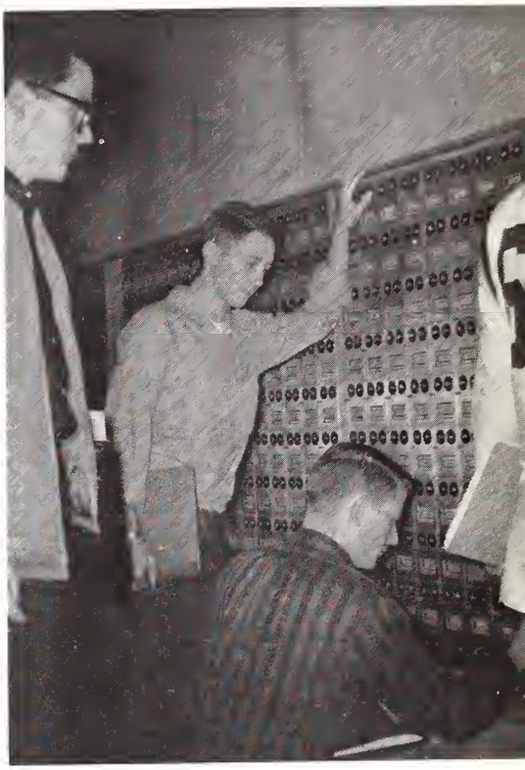

Good heavens, we'll never find a chair, much less a date!

The Hub, though newly added, is a favorite gathering place for students.

The modern new post office, an asset Southern can be proud of.

Is it between the D and the E, or the J and the K. Or is it between the G and the F—Heck it's not worth the trouble anyway.

Southern students enjoying the varied cuisine of the University Commons.

Kappa Sigma fraternity serenades a newly pinned couple.

I didn't know she was this heavy.

It's sweeping the nation.

Cans? Trash? Are you sure?

The brave, the defender, the soldier.

I think my skirt's coming unwrapped.

This hurts me more than it hurts you.

Class changes at Southern.

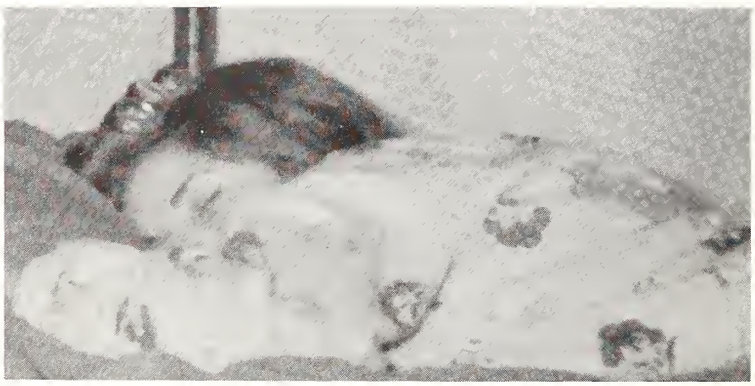

Convocations are so enthralling.

Room check in five minutes.

A rare phenomenon experienced by few students at Southern.

Boy, do these upperclassmen have it made!

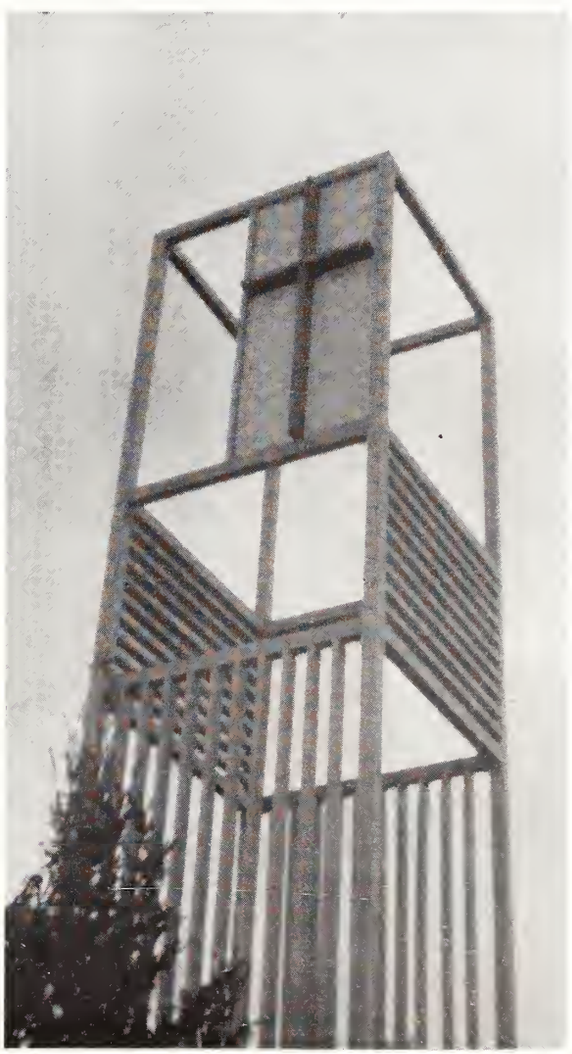

"Why does mother insist that I have my picture made?"

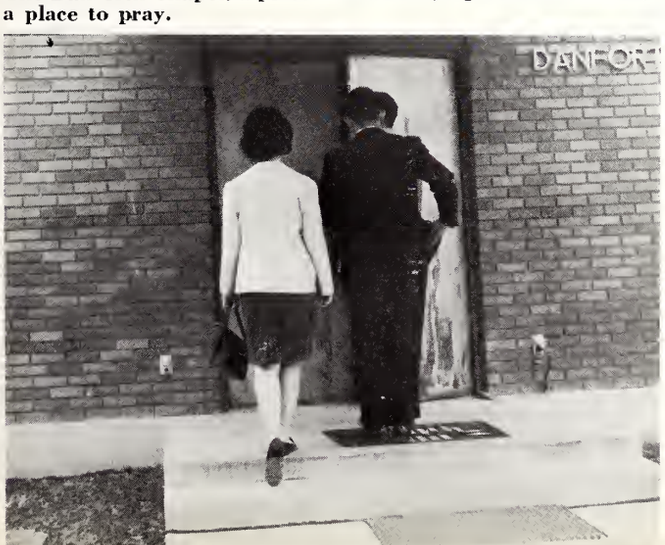

Charity Month Queen, Shirley Carlson, Kappa Delta, and King Chuck Moon, Wesley Foundation.

"You may think it's funny, Jane Sterislovsky, but I'm bored."

The Danforth Chapel, a place to be alone, a place to meditate, a place to pray.

GRADUATION . . .

The last step in a four-year journey—graduation.

The last time they'll have to worry about posted grades.

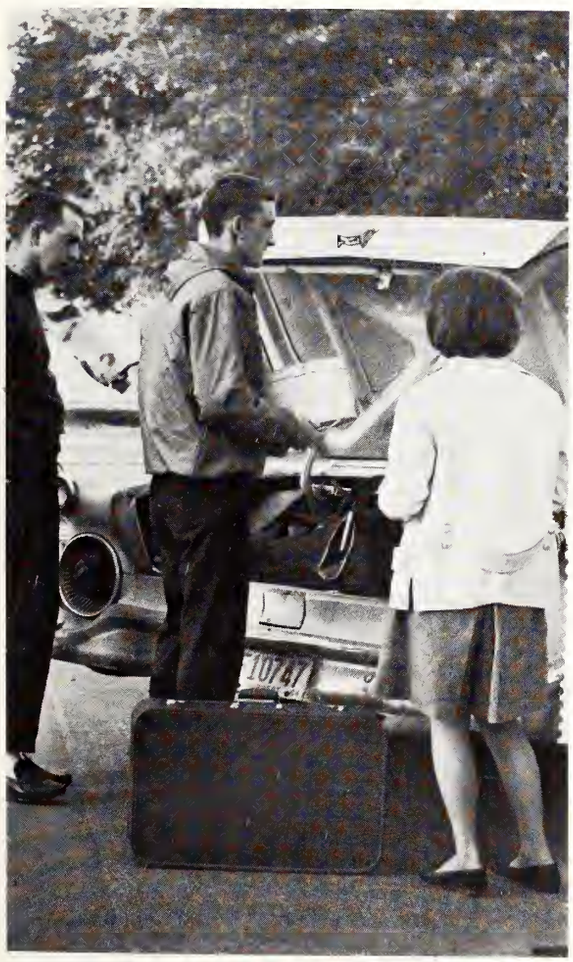

USM graduate, completing doctoral studies.

I hope daddy rented the U-Haul.

At the End of the Rainbow

The weariness of the long journey is forgotten in the magical moment of receiving the parchment of achievement. So ends the "long" journey and so begins an even longer one . . . life.

For some it will be, "See you next year," for others it will be, "I hope to see you again."

THEATRE . . .
Life is a stage and every man is but an actor.

The royal family, played by Joe Bonelli (king), Charlyn Maguire (queen), and Alice Ann Reed (princess), express surprise as Jim Garret (prime minister) reads a prisoner's sentence.

Theatre is an art. Devotion, sincerity, and hard work are all necessary elements in the world of theatre, and such dedication sometimes results in a seclusion from the rest of society. But theatre is a necessary part of culture for it dramatizes the history of our country and its people.

Southern's theatre, located in the Southern Playhouse, maintained the department's fine reputation this year with four excellent productions: the Children's Play, "Androcles and the Lion," "Playboy of the Western World," and "La Casa do Bernada Alba."

Mae Nelson and Alice Ann Reed fulfilled the roles of a prince and princess very much in love in their world of make-believe and enchantment during the annual Children's Play, "Old King Cole."

Milita Wade, Marcia Wermuth, Ann Freutel, and Nikki Rothschild portray the delightful characters found in a royal court.

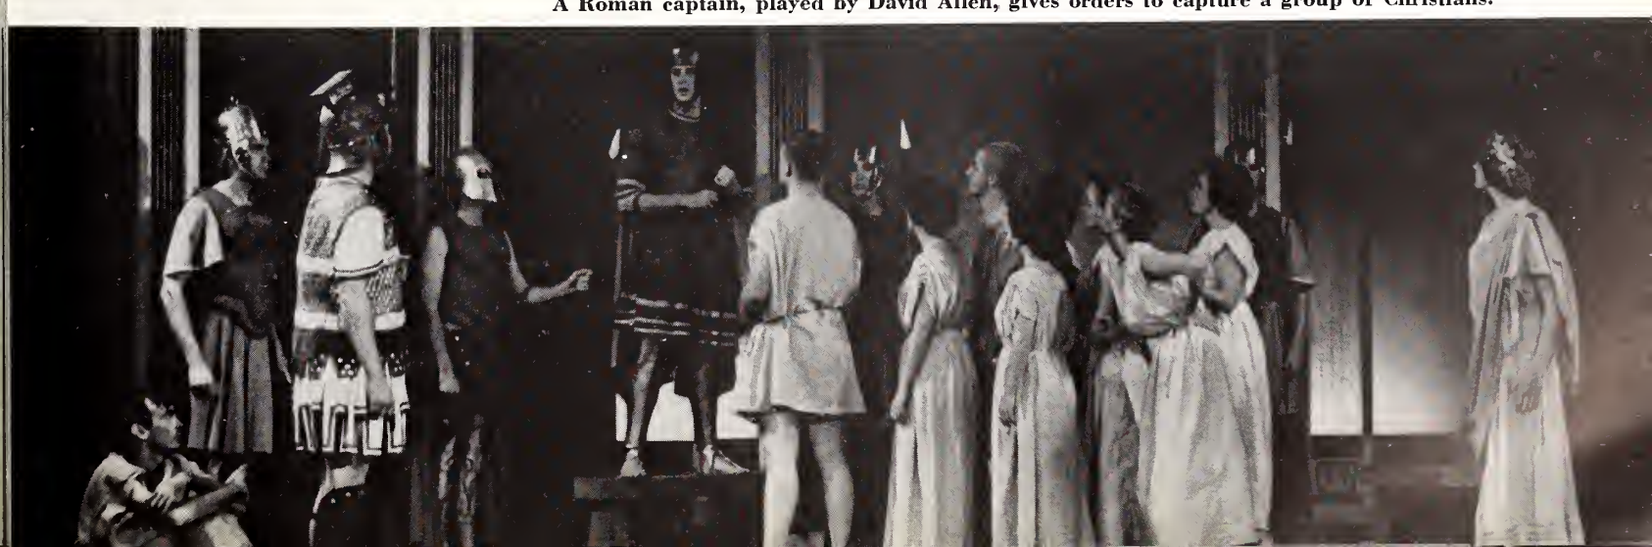

The villain, portrayed by Jimmy Cox, warns the court fiddlers, portrayed by Sharon Grant and Nancy Crews, not to interfere with his wicked plans.

Bobby Lowe, Jimmy Cox (as the lion), and Joe Bonelli in "Androcles and the Lion," Southern Players fall production of 1963-64.

A Roman captain, played by David Allen, gives orders to capture a group of Christians.

Excitement is just about to begin as David Allen, Ted Urban, Jessica Pyle and Jim Weaver (the playboy), perform in the winter quarter production, "Playboy of the Western World."

Suspicion, greed, and jeolousy are clearly seen on the faces of Sharon Grant and Ed Wilson as they give their interpretation of two very important characters in this play.

Jim Weaver, in playboy fashion, vividly tells tales of his adventures to a charming, but rather terrified, group of young ladies.

Charlyn Maguire and Melita Wade help other members of the Summer Stock company in building a flat, an important part of stage scenery.

BEHIND THE SCENES

Most theatre audiences do not realize what happens "behind the scenes." The audience does not pay to see this part of the production, but the actors, the technicians and all other members of the theatre company do pay with long hours of hard work.

These pictures are only a minute portion of the large amount of work that must go on "behind the scenes" before a production is ready for presentation.

Ted Urban and Mary Ellen Baird instruct a neophyte in the importance of returning tools to the proper rack.

Lighting Equipment is discussed in a "learning session" during the Summer Stock season.

SUMMER STOCK

Summer Theatre at Southern finished its fifth season this past summer. This theatre is not limited to Southern students, but students from other colleges can apply and, if they meet the qualifications, participate in the productions presented yearly.

Seven plays made up the program for the summer of 1963. They were "The Fantastiks," "Critic's Choice," "The Bad Seed," "The Little Foxes," "Come Blow Your Horn," "Death of a Salesman," and "The Women."

The company lost one of its members, Andrew J. Smith, during the summer, and he is shown in some of the productions before his death.

This scene shows him convincing his two sons (Jay Hawkins and Buddy Hymel) and his wife (Mary Treser) that he'll give them no sympathy.

Linda Loman (Mary Treser) tries to relax her husband Willy (Andy) during "Death of a Salesman."

In this scene Andy was part of a delightful episode from "The Fantastiks."

Charlyn Maguire puts life or rather sobriety back into Louis Brooks during a humerous scene from "The Critic's Choice."

Both Susan Pearson and Marshall Protst gave excellent performances of two most unusual characters in the production of "The Little Foxes."

Melita Wade and Lynn Rose Fillingane, a thirteen-year-old Hattiesburg girl, both gave commanding performances in "The Bad Seed."

Melita Wade and Charlyn Maguire, both Southern students, participate with other members of the company in a riotous scene from "The Woman."

DIXIE DARLINGS

Famous all over the South, the Dixie Darlings of Southern are chosen primarily for their ability to dance. These girls try out weekly for a position on the dance team that will perform in the football games along with the marching band.

Some of these girls receive scholarships and the out-of-state members have their extra tuition fees waived. Dixie Darlings has a fluctuating number of performers, but the usual count is from forty to fifty in each show.

Not only does this group appear at Southern's football games, but it goes to the Senior Bowl annually. In the past they have also been presented at the Blue-Gray Game and the Sugar Bowl.

The Canterbury Club was founded on the belief that the mission of the Episcopal Church should be extended to all communicants, and should provide the best medium for its members to develop as useful citizens.

The Chaplain to the Episcopal students at the University is Father William J. Gould, Rector of Trinity Episcopal Church in Hattiesburg.

They appear in major concerts, on radio and television broadcasts, and have made professional recordings of their performances. Recent concerts have included Honegger's "King David" with Basil Rathbone as narrator; "Joan of Arc" with the NBC-TV cast; and last spring the Singers appeared at the Southern Division of the National Music Educators Convention presenting the "Mass in G" by Poulenc. This year the Singers performed "L'Enfant et les Sortleges" (The Bewitched Child) by Ravel with the New Orleans Symphony in New Orleans. In January of 1965, the Singers will again appear with the New Orleans Symphony in the performance of the "Beethoven Ninth Symphony."

HISTORY OF ROTC AT THE UNIVERSITY OF SOUTHERN MISSISSIPPI

The first ROTC Unit at Southern Mississippi was organized in 1950 as a Branch Material Unit to prepare cadets for commissioning in the Field Artillery. In 1953, a program of General Military Science was initiated to give the cadet a wider range of military training in his pre-commissioning schooling. Under this program, courses applicable to all branches of the Army are offered, and cadets are given the opportunity during the fourth year of schooling to select a branch of the Army in which to be commisioned. In 1958, the college's Academic council adopted a program of compulsory ROTC training for all eligible male freshman and sophomore students.

PANHELLENIC COUNCIL

This has been a cardinal year for Panhellenic at Southern with the completion of the new eight-story dormitory including chapter rooms. After all these spacious rooms had been furnished, girls were allowed to bring their dates up for television on weekend nights.

An invitation was issued by National Panhellenic for two Delegates from Southern to attend the annual convention in Hot Springs, Ark. This was the first time that college delegates had been invited and was a great opportunity for the girls of our campus.

On Southern's campus, there are eight national sororities, each making a great contribution to the social, educational, religious, and cultural aspects of university life. The largest responsibility of the Panhellenic Council is to plan and regulate the annual pre-school rush, but they also act as the court and coordinator of the different sororities.

Membership is composed of a delegate from each sorority chapter who holds an office on the council determined by the rotation system, and also an alternate, non-voting delegate from each group.

SENIOR OFFICERS—SEATED: Anna Maurejohn, Secretary; Vicki Coles, Vice President; Peggy Williams, President. STANDING: Mary Ann Johnston, Courtesy Chairman; Linda Stephens, Activities Chairman; Susan Polatty, House Chairman; Kitty Punessan, Reporter; Mrs. Wilber, Advisor; Elizabeth Hanna, Treasurer.

JUNIOR PANHELLENIC COUNCIL

Junior Panhellenic Council has eight sorority pledges as its members. This Junior group is advised and led by the yearly vice president of the senior Panhellenic Council. Officers of the council are determined by the rotation system, with the representative of each sorority having a different office every year.

Two important projects have been carried out by this year's council. A panel discussion on the pledges idea of rush was presented to the senior group who in turn informed their individual sororities of ways to improve the rushing system.

The second project for the year was the making of a Panhellenic scrapbook to be placed in the lobby of the dormitory for visitors and friends. This scrapbook shows the different forms of activity engaged in by sororities, hoping to inform the public of the inherent good of the fraternal system.

Mrs. Wilber works with the Panhellenic members.

INTER-FRATERNITY COUNCIL

The Inter-Fraternity Council is composed of delegates from each of the eight fraternities on the University's campus.

The council is set up to act as a governing body of the fraternities, to promote better harmony and cooperation among the fraternities, and to advance the interest of the university at all times.

One of the primary duties of the IFC is to establish rules in regard to rushing, pledging, and finally the initiating of fraternity men. In establishing these rules, the IFC tries to insure fairness to the rushee as well as to each fraternity.

Greek Week is sponsored by the council in the spring of every year. At this time Miss Venus, the IFC Sweetheart, for the coming year is announced. Intramural competition is a major part of Greek life and is encouraged and aided by the council. There is also an annual IFC scholarship award.

1963 FOOTBALL SEASON

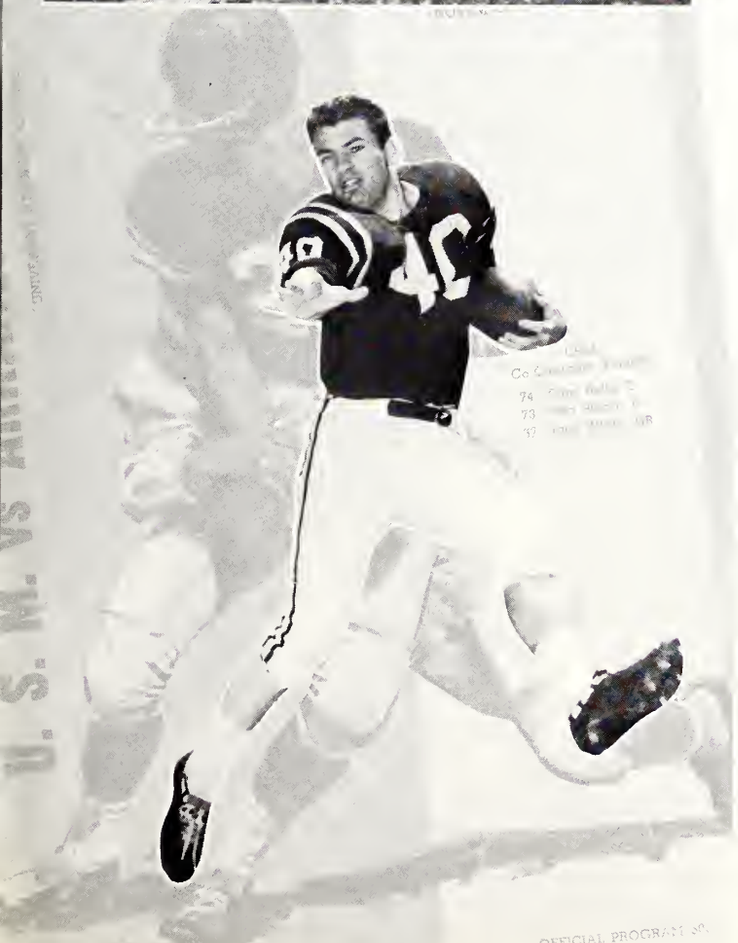

NUMBER ONE IN THE NATION—but this time the University of Southern Mississippi took the honors in defense. As they moved back into major ranks, Southern made their presence known, knocking off four of the six major teams it faced and completing the season with a winning 5-3-1 record. This upped Coach Vann's all time record to 110 wins, 37 losses, and only 2 ties.

Sparkling all season on defense were such outstanding performers as Bella, McLeod, Freeman, Parker, DeFranco, Berry, Kolinsky, and Larry Ecuyer, one of the best on defense at Southern in quite awhile. These defensive specialists red-dogged and harassed the opposition holding them to no less than one-hundred yards a game.

Although the Southerner offensive was not an explosive one, the rushing yardage gave them the victories. Harmon Brannon was nothing less than exceptional all season with his line crashing. Also to be commended was Herman Nall, and Vic Purvis who developed into a real fine quarterback this season.

The outlook for next year's team is pretty good with the main loss being in the line. An impressive freshman team should add the needed strength to make next season one of the best.

Memphis State

Southern has never been shut-out by Memphis State, but that was about all that could be said after the opening game of the season. Hordes of fans made their way to Jackson to watch as the Tigers pounded their way to a 28-7 win. It was Memphis all the way, with the Southerners seldom so much as threatening. For Memphis, the big men offensively were: fullback, Dave Cassinelli; quarterback, Oli Cordil; halfback, Butch Travis; and end, Chuck Brooks. For Southern, it was Rabbit Brown and James Berry. Statistically, Southern led in first downs 13 to 12 but trailed in rushing yardage 233-156. Southern also managed a 40-40 deadlock in passing yardage throwing 17 times to 5 for the Tigers.

North Carolina State

Jim Rossi, North Carolina State's razor-sharp passing quarterback, was the deciding factor in the Wolfpack's 14-0 victory over the Southerners. Perhaps seeking restitution for the 30-0 smashing handed them by USM last year at Mobile, the North Carolina State team fought a hard-earned victory. They were out-played in every field except one, and this proved to be the deciding one. Southern was far superior in rushing yardage, had a 14-10 edge in first downs and could easily have come up with a victory, if it had been able to muster a passing attack. In passing, North Carolina State completed 13 of 15 for 131 yards to give them their touchdowns and the game.

Richmond

Homecoming and a football victory. That is always a winning combination. The University of Richmond, a good offensive team which had terrorized the Florida Gators a week earlier, was thrown back on its heels by the hard-knocking Southern defense. Neither team seemed able to move the ball too well, but Southern was able to make the most of a glorious opportunity in the second quarter to seal the victory. A fumble recovered by end Ben McCleod put Southern in a position where Herman Nall took the ball in for the score. Southern racked up 14 first downs, 195 yards rushing and completed 5 of 8 passes.

Spirit on the move—there could he no better way to describe the people or the game. No crowd in recent Southern history has displayed as much spirit and enthusiasm as was the case when the multitudes of Southern fans traveled to Mobile to witness the humbling of Florida State in a 0-0 deadlock game. The Southerners were tremendous as they out-played the 20-point favorite Florida State team. The defense sparkled as the offense surged and then was frustrated. Outstanding defensive man was James Berry with two interceptions while Vic Purvis took the offensive honors. Nevertheless, neither team could do enough. Southern fans moaned in agony when Lairds last minute field goal attempt failed and the Southerners' last hope was dashed to the ground.

Arkansas State

Away from home, and before 7,500 partisan fans, Southern Mississippi was able to show its wares. The magic was that of Vic Purvis, sophomore from Puckett who took over the starting quarterback position from James Berry toward the first of the season. As Southern developed a creditable pass attack. Purvis tore up the Arkansas pass defense with his versatility on the run-pass option. Southern dominated the game completely as they romped to 15 first downs to 5 for the Arkansas, and 316 yards rushing to 18 for the Arkansas State Terrors. This win gives Southern a three to five edge in the series with Arkansas State.

University of Southwestern Louisiana

The Southerners made it 20 out of 21 against Southwestern Louisiana. A power-packed offense and a good defense coupled with the breaks to give USM the 28-0 win. Harmon Brannon ravaged the hapless Louisiana squad as he romped for 143 total yards on 19 carries for a 7.5 average. There was no stopping the Southerners as Herman Nall, Dooney Lippencott and Tommy Walters turned in outstanding performances. John Laird played his usual fine game as he had a perfect night in points after touchdown. The Louisiana team was outclassed in every department. It seemed that Southern could do no wrong and Louisiana could do no right.

Louisiana Tech

Southern was beat at its own game by the inspired Louisiana Tech team. Tech, playing a good defensive game, pulled a 10-0 upset victory. The win came as a definite surprise to Southern fans, whose team was rated as the number two team in the nation on defense, behind the little boys who reside in the northern part of the state. Southern tried again and again to fabricate a scoring threat, but always bogged down before anything developed. C. T. Campbell's field goal for Tech in the second quarter was the first scoring of the game. Purvis was rushed continually through the game as everything that Southern tried went wrong. Tech scored its only touchdown in the final period on a punt return.

The Citadel

Pack the stadium—a good idea, but apparently not to the students at Southern. A mere handful of people shunned the call of home sweet home and stayed to see their team trounce The Citadel 37-12. One of the best games of the season, Southern used a versatile offensive, smashing the line and passing for varied gains. Purvis continued to call a good game and ran the team well. Harmon Brannon and Herman Nall turned in fine performances on offense. The defense harrassed The Citadel all evening as Ecuyer, Parker, and Freeman played an outstanding game. For the few who did stay for the game, the Southerners put on a fine show to end the home season.

Chattanooga

Southern displayed a tremendous defensive effort against the mismatched team from Tennessee. In a fitting end to an impressive defensive season, the Southerners rallied to a 24-0 win as they held Chattanooga to a minus 23 yards rushing. Chattanooga, who gained a meager 55 yards passing, didn't get out of their own territory until the final period, and then was unable to pass the Southern 40 yard line. Rabbit Brown scored two of USM's touchdowns on short passes from Vic Purvis. Billy Atkins cracked over for the other one. John Laird kicked all three extra points and booted a 50 yard goal to account for the rest of the scoring.

FRESHMEN FOOTBALL TEAM

FRESHMAN FOOTBALL

A successful year and a bright outlook for the future evident this year at the conclusion of the freshman football season. As usual a large mean crew hit the campus and set out to make a name for themselves. The freshman team actually doesn't have too much of a chance to show their abilities to the public since they only play three games.

The coaches this year have been especially pleased with the quality of players that saw action this season. Heading the freshman coaching staff this year was John Brechtel. one of Southern's past stalwarts. Coach Brechtel was quick to commend his boys for their talents and cited such players as Russell Frye. fullback; W. F. Smith. halfback; Glenn Bynum. quarterback; and Jim Livette. quarterback for their excellent performance in the backfield.

In the line the players to watch in the future will be Elbert Trone, George Hunter. William Hodges. Harry Huelsbeck, Troy Craft. and Mike Lawerence.

The entire team looked good this year as it won two of their three games. crumbling Memphis State 34-7, edging Florida State 21-20. and losing to Perkinston Jr. College 21-13. University of Southern Mississippi can look forward to the time when these young men will do their part in pushing Southern to the top.

GOLDEN GIANTS UNDEFEATED

The 1963-64 "Golden Giants" of the University of Southern Mississippi returned to their winning ways this season, posting a record of sixteen victories and eight defeats in Head Basketball Coach Lee Floyd's second year back at the helm. Coach Floyd and his assistant coach Al Green did a commendable job with the team this year.

This year's team had four players averaging in double figures, setting a new school record. Junior guard Charlie Payne hit for a torrid 21.4 average in the final eight games for top scoring honors. Payne had a total of 388 points for a 16.2 average. Close behind in scoring was veteran senior guard Jackie Laird who paced the team during most of the

season. Laird had 369 points for a 15.4 average. Laird, ending a fine basketball career, also moved into seventh place among the school's all-time scorers with a total of 981 points for a 11.4 average. Closely behind the two scoring leaders were Bruce Miller, junior forward, who hit 345 points for a 14.4 average, and freshman Gary Hannan who averaged 13.8 on 331 points.

Another player who came on strong in the last half of the season was 6-6 sophomore Doug Stacy who ended up fifth in scoring with 162 points for a 6.2 average and second in rebounding with 140 rebounds for a 6.4 average.

In 24 games, this year's team outscored its opponents, scoring 2,014 points to the oppositions 1,885. The team's 83.9 point-per-game scoring average set another record, bettering the old record of 83.6 set in 1959-60. In the rebounding department, Gary Hannan led the team with 277 rebounds for an average of 11.5 per game. As a team the "Golden Giants" out-rebounded their opponents 1,228 to 1,052.

Single-game highs for the season were recorded by Jackie Laird and Gary Hannan. Laird had the most total points scored in one game with 29 in the team's 65-60 victory over Mississippi State. He also recorded the most free-throws scored with 11 of 13 attempts in the same game. In the

team's season-ending loss to Centenary, Hannan recorded the most field goals scored with 12 of 20 attempts and most rebounds with 21.

The "Golden Giants" went over the century mark in two games, defeating Tampa 114 to 82 and Northwestern Louisiana 112 to 78. The team hit in the nineties six times and in the eighties seven times.

Probably one of the highlights of the season was the Southerners' 112-78 victory over Northwestern Louisiana after beating them by only one point in their first meeting. Southern completely dominated the game by controlling both backboards. The "Golden Giants" grabbed 95 rebounds. the high of the season. Of the seniors graduating this year, Jackie Laird is the only member of the usual starting five who will be lost. Other graduating seniors are center Jim Walber. forward Ben James, and guards Stan Hines, Ford Turner. and Joe Grubar.

The Southerners wound up the season with the sports writers tabbing them as the best team in the state, beating Mississippi State, Delta State, and Mississippi College.

After a fine season this year, I am sure Coach Floyd is looking forward to an even better season next year. With this year's team losing only one of the starting five, and five of the top six scorers returning, I am sure the 1964-65 season should prove to be a very successful one.

GAMES WITH STATE & 'BAMA

Southern will field a strong, experienced team this year as the Southerners take on opponents from all over the South. Coach "Pete" Taylor is expecting a lot from his boys. Coach Taylor thinks that this year's group has got what it takes to make a fine baseball team. This team will be centered around a strong nucleus of pitchers who are returning from last year's squad. Three of the best are Bruce Miller, Jerry Wilson and Freddy George. The revamping which had to be done after the losses from last season has come along well. A freshman to watch will be catcher Walter Ross who should play a lot of ball for Southern in the next four years. The boys have worked hard getting ready for the season and we are sure that they will have a good year. Some of the opponents they will face this season are: Mississippi State, Alabama, Auburn, Tulane, and Spring Hill.

THE CATCHERS—Lamar Culpepper, Doug Satcher, Walter Ross.

TENNIS . . . HISTORY IN THE MAKING

After a highly successful 1963 season, the University of Southern Mississippi Tennis Team has even higher hopes for the 1964 team. Returning this year are such outstanding players as Sergio Bozetti, Kenny Hodges, Bobby McInvale, and Tony DelHomme. In addition, this year, the team will sport its first female varsity tennis player in history, Miss Janice Myers, a very capable player. Also on the team this year is a bright prospect for the future in the person of Bill Pendergrass, a freshman.

"Doc" Harrington will once again be coaching the team. One of the highlights of last season was the Third Annual University of Southern Mississippi Invitational Tennis Tournament, won last year by Mississippi State University. On the slate this year will be such teams as Spring Hill, Mississippi State, Southern of Memphis, and Northwestern Louisiana.

Once again led by the very capable B. O. Van Hook, the University of Southern Mississippi Golf Team opens its season early in the spring quarter. The group last year was a young one. This year the entire team will be returning, giving Southern a powerful thrust for the action against their opponents.

The team will meet a host of top teams as they come up against such opponents as Spring Hill, Mississippi State, Millsaps, Tulane, Alabama, and Louisiana State.

INTERFRATERNITY ATHLETICS

The Kappa Sigma Football Team

The true spirit of fraternities is classiclly illustrated on the fields of athletic competion. As each fraternity works and strives to make its team the best in any sport and win the coveted trophy, it is building character and molding better men. There is no substitute for the elation of victory which is experienced through hard work and team effort. Interfraternity athletics at Southern is a well-organized and efficiently run venture which gives many men an outlet for their energies and sometimes even their animosities. Needless to say, the necessary sportsmanship is also stressed. Interfraternity athletics starts in the fall with the advent of football season. The fans really turn out to spur their guys on to victory. This year was a tremendous one for football, with the competition very keen. There were several good teams; but it was the Kappa Sigma "Sigs" who took first place for the

third straight year. Volleyball and handball came next with Alpha Tau Omega taking both of them. Basketball was a hard-contested sport this year. The big Pike team had what it took to humble its foes and secure first place. Weightlifting gained a lot of enthusiasm this year. After the flexing was all over, it was the Kappa Sigs who walked away with three firsts and the trophy. As spring comes, there are still four sports to be played. Softball is already under way. It was won last year by Kappa Sigma. Tennis should be interesting to watch this season. It was won last year by Kappa Alpha. Track and swimming both take place on a "one meet" basis. The ATO's took swimming and the Kappa Sigs took track. Perhaps a lot of work, but it is well worth the effort. Interfraternity athletics should have a good future ahead of them.

As a yearbook editor, wouldn't you like—

√ *complete creative art assistance in planning and designing your book*

√ *actual known production performances (by records) of substantially less than 10 weeks, as required by most yearbook manufacturers. No contract claims, either, of an additional 4 days on delivery for each 1 day any deadline is missed*

√ *an association with a firm who has specialized in designing yearbooks perhaps longer than any other company*

√ *our insistence of your reading and checking page proofs to avoid (or at least minimize) possible glaring errors in the completed edition*

√ *an all out effort to please you in design, quality, and service at competitive prices*

What more could you ask?
